

ELS GRE® Test Prep Program

Let ELS help you get the score you need on the GRE®

**Another
ELS Advantage!**

If your long-term goal is graduate school in the US, you have a very special challenge - the Graduate Record Exam (GRE®).

- Nearly two-thirds of the GRE® is dedicated to reading comprehension, vocabulary and analytical writing.
- One third is dedicated to quantitative skills.

The good news is - ELS can help you build the skills you need to succeed!

- **Strengthen your reading, vocabulary and essay writing skills!** This 6-hour per day program combines advanced language enrichment with one hour of GRE® language self-study and two hours of GRE® Test Prep strategies.* Four or eight (recommended) week options are available. The maximum class size is 15.
- **Build quantitative skills too!** Add the ELS Personalized Math Tutorial to the core GRE® program. This option gives you a specific daily plan for math self-study. It also provides you instruction from a math specialist who will tailor lessons to your needs (twice a week).

The ELS GRE® Test Prep Program includes

- 30 lessons per week of intensive GRE® preparation studies.
 - 10 lessons - Structure & Speaking Practice
 - 5 lessons - Advanced Writing
 - 5 lessons - Language Technology Center with GRE® skill focus
 - 10 lessons - GRE® Prep
 - *Optional: 1 - hour math tutorial twice a week*
- Textbook, GRE® practice test software, *Criterion*SM online writing software and more

**This is the Monday to Thursday schedule. Friday's schedule includes only the first four hours of study.*

Admissions

ELS will accept one of the following for admission to the program

- Completion of ELS Level 109 (an ELS Pre-Arrival Placement Test can be taken - see www.els.edu for details)
- Score of 61 on TOEFL® iBT; 500 on TOEFL® PBT; 5.0 IELTS™ Band
